

eViewer v7

High performance | Agile operations | Accelerated innovation

THE TOP TEN REASONS TO UPGRADE FROM IBM DAEJA VIEWER TO eViewer v7

1. Take the fastest path to modernize IBM ECMs

2. Maximize performance and efficiency

3. Unmatched file format support, including MO:DCA

4. Smart Server Technology knows when to process on the server vs the workstation to adjust workload demands in real time

5. Minimal server utilization and network bandwidth

6. Reduce IBM dependencies by using with or without ICN and other non-IBM apps

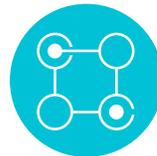

7. 100% Backwards compatible with IBM ECMs

8. Get worldclass support technology and services

9. Uses latest technology stack including Angular 9

10. Integration APIs using Angular Typescript and JS

It all starts with MST eViewer®

IT ALL STARTS WITH eViewer. CHECK OUT OUR RESOURCES FOR MORE INFORMATION.
