Reporting Concerns

Any person with a good faith concern or complaint has a number of options for reporting. Reports can be made verbally or in writing, and in person or anonymously. To the extent possible, reports should include documentation supporting the concern. Reports should be as detailed as possible in order to facilitate investigation.

MST recognizes that there are occasions when someone with knowledge of possible wrongdoing may not feel comfortable going directly to management and would prefer to raise concerns in a confidential manner. This Whistleblower Policy and the reporting options set forth below are designed to facilitate such confidential reporting.

1. *President.* Concerns may be reported to the MS Technology's President (Mahendra Lamba) as follows:

Mahendra Lamba
PO Box 471843
Charlotte, NC 28247

2. *Outside Law Firm.* If for any reason a person feels the other reporting options are insufficient, he or she should report concerns to:

Mr. Will Hodge
McMillan, PLLC
123 E 27th Street
Suite 101
Charlotte, NC 28206

Mr. Hodge is an attorney who has been specifically retained by MST as an independent agent to collect such reports and ensure that they are reviewed, and that corrective action is taken when appropriate.

Investigation and Disciplinary Action

The outside law firm will investigate reports involving a company employee, in the manner he or she deems appropriate. Any reports involving a company director or officer, including the President, will be referred to the Audit Committee Chair, who will investigate as he or she deems appropriate, and confer with the Audit Committee. Reports involving the Audit Committee Chair will be referred to the Chair of the Board who will investigate and confer with the Audit Committee (without the Audit Committee Chair's involvement).

If an investigation of a report involving a company director or officer concludes that the report is frivolous or without merit, the Audit Committee will close the case. For other reports involving an officer or director of MST, the Audit Committee will make a recommendation to the Board on how to handle such reports, including any disciplinary action to be taken. The Chair of the Board will make a recommendation to the Board on how to handle such reports involving the Chair of the Audit Committee, including any disciplinary action to be taken. In all such cases involving officers or directors, the full board will have the authority to make the final determination on any disciplinary action. The President or his or her designee will have authority over the treatment of all other reports, including any disciplinary action. For

company employees who report their own misconduct, disciplinary action may be mitigated if the employee is the first to report the misconduct and fully cooperates in the investigation.

The outside law firm will provide an annual summary report of all concerns reported under this policy, the results of any investigations, and the action taken to the Audit Committee.

Confidentiality

MST will protect the identity of any person making a report to the extent practicable given the need to conduct a thorough investigation and take necessary corrective action. MST cannot promise complete confidentiality, but will act as discreetly as reasonably possible.
